CUMULATIVE LIMITS AT 28 JUL 2026

KIND	WINDOW	USED	LIMIT	OF LIMIT	STATUS	LIMIT SUPPLIED BY
Flying (block)	28 days	92.9 h	100 h	93%	warning	authority ruleset
Flying (block)	365 days	817.3 h	900 h	91%	warning	authority ruleset
Duty	7 days	24.7 h	55 h	45%	ok	authority ruleset
Duty	14 days	52.4 h	95 h	55%	ok	authority ruleset
Duty	28 days	116.1 h	190 h	61%	ok	authority ruleset

These figures are indicative — confirm against your Operations Manual. Not legal advice.

Generated by Sojourn Logbook v0.9 (sample). Times are UTC. Duty, FDP and rest are derived from the recorded report, block and debrief times; where a report time was not recorded it is derived from the scheduled departure using the applicable reporting allowance, and the record says so. A dash means the value could not be resolved from the record — it is never a pass. Status words are measurements against the named ruleset, not a certification.
